

MINERS AND BUSY ON NEW CONTRACT

Price of Coal Will Re- ceive a Consider- able Boost

NO COMMENT BY OFFICIALS

NEW YORK, March 30.—The action of President Wilson's coal commission in granting bituminous mine workers a wage increase of 27 per cent means the price of coal at all mines will advance 65 cents to \$1.25 a ton, bituminous coal operators announced today. While asserting "they desired to keep the price of coal as low as possible as the only state cited Illinois as the only state where the minimum increase would apply. This was said to be due to local conditions which lessen the cost of production. Since the demand of bituminous coal price restrictions by the president, wages operated in a competitive bidding. The mine workers representatives refused to make any comment on the proposed increases in coal prices except to state that the new wage agreement would only involve 25c a ton average increase expense.

The new wage agreement embodying the grant of President Wilson's bituminous coal commission probably will be ratified tomorrow by the operators and mine workers of the central competitive field, according to statements tonight of members of sub-committee making the negotiations. The committee, at its meeting today, appointed a special contract committee consisting of William Green, international secretary and treasurer of the United Mine Workers and P. H. Penna, secretary of the Indiana Coal Operators' Association to draw up a tentative contract. They will report back to the sub-committee tomorrow morning. When approved by the sub-committee the new agreement will be presented to a joint meeting of the scale committee of the miners and operators for final ratification.

Before going into conference with the mine workers here to consider a new wage agreement, it was learned today, mine owners sought the advice of Attorney General Palmer as to whether such a meeting would be a violation of the law, fearing a repetition of the Indianapolis case in demands for conspiracy to boost the price of coal.

Assistant Attorney General C. B. Ames, who is in charge of the Indianapolis prosecutions answer the operators' inquiry in a letter addressed to their attorney received here today. He assured them that the meetings of the sub-committee would not be in violation of the law.

John L. Lewis, international president of the mine workers would make no comment tonight on the work of the contract committee. He explained that none of the terms of the new agreement had been definitely decided upon and that any announcement would be premature.

The miners' representatives on the sub-committee it was learned, asked that the wage award to the day men be \$1.15 to \$1.50. It was said this increase was necessary to bring the wages of the day men to an equal basis to that paid the other workers.

REPUBLICAN WOMEN DEMAND PASSAGE OF WELFARE BILL

Albany, N. Y., March 30.—Warning that republican women who are members of the New York state and county committees will go on strike on election day or go into other parties if the state legislature does not act favorably on welfare bills contained in a letter sent by the league today to Will H. Hays, chairman of the republican national committee.

LOCAL ODD FELLOWS VISIT CHAPIN LODGE

Deputy Grand Master Arthur G. Cody, P. G. Stein, J. Marshall Miller and T. S. Martin of Illinois lodge drove over to Chapin Tuesday evening and attended the meeting of Bethel Lodge No. 49 of Chapin.

Bethel Lodge conferred the initiation degree and Deputy Grand Master Cody made an examination of the lodge and found it in a flourishing condition.

AN EXTENSIVE CHICKEN RAISER

Mr. and Mrs. F. M. Birdsell, residing seven miles southwest of the city, were in town yesterday. Mrs. Birdsell says she has 175 little incubator chicks, principally Rhode Island Reds and White Game. All are promising young birds and she has 335 eggs now in her incubators.

HERE FOR EASTER

Miss Jane Young who is teaching in St. Louis is expected home

RAILWAYS UNITE TO RELIEVE SHORTAGE OF FREIGHT CARS

Movement Fostered by the American Railroad Association for Early Action

NEW YORK, March 30.—Concrete action to improve the freight car supply especially coal carrying equipment has been taken by all railways. The movement which is fostered by the American Railroad Association is intended primarily to aid in coal production but officials said it served also and in an important way to relocate cars on their home lines from which they were diverted and widely scattered during federal control.

W. C. Kendall, chairman of the car service commission of the railroad association, sent telegrams tonight to all lines directing them to return coal cars promptly to mines from which they can be loaned for destinations on their home roads.

The car service commission is seeking first to have special types of cars returned home ahead of regulation equipment. This of course includes coal cars of which it was estimated 62 per cent of the total on roads under federal control were scattered on roads other than their own on March 1.

The commission is studying details of plans for handling the grain movement from the middle west this summer. While some of the old conditions of shortage were admitted likely to recur this year, officials declared that close co-operation of the roads would eliminate most of the dissatisfaction.

BUSINESS MEN ASKED TO AID LOCAL MILITIA

Not Financial But Moral Support
Is Needed—Committee to Present
Case to the Public.

Members of Co. C met at Army hall Tuesday night for drill and to talk over various matters relating to the welfare of the organization. Capt. James had arranged this meeting so that the committee of business men from the Rotary club might be present and talk to the men. This committee includes John J. Reese, Edward A. Brennan and Louis Frank. The committee was appointed at a recent Rotary club meeting after Capt. James had made a statement setting forth in a very forceful way the fact that the company is likely to be mustered out unless business men of the city show some interest in its maintenance.

It is not financial but moral support that is needed. The state military department is very anxious that every military organization in the state now existing shall be maintained. It is pointed out that the existence of these military companies tends to preserve law and order and the present unrest makes it highly desirable for the state to have military forces available for service.

State Needs Militia.

It is for these reasons that the state department is insistently urging that every present company of militia be maintained. In various cities the business men have been asked to manifest their interest in some definite way. The members of the committee referred to above investigated the matter and are firmly convinced that Co. C should be continued, not only for Jacksonville but for the state.

A petition is to be circulated among business men whereby they agree to seek or interest one or more employees in the organization and further agree that if members of the company in their place are called to service, they will release them on full pay while this service requirement lasts.

HOOVER WOULD BE G.O.P. CANDIDATE FOR PRESIDENT

Telegraphs Willing- ness to California Re- publican Club

MAKES PUBLIC HIS STAND

San Francisco, Cal., March 30.—Herbert Hoover today telegraphed the Hoover Republican Club of California that he would accept the Republican nomination for president, "if it is felt that the issues necessitate it, and it is demanded of me."

Mr. Hoover said: "If the Republican party with the independent element of which I am naturally affiliated, adopts a forward looking, liberal, constructive platform on the treaty and on our economic issues and if the party proposed measures for sound business administration of the country, and is neither reactionary nor radical in its approach to our great domestic question and is backed by men who undoubtedly assure the consummation of these policies, I will give it my entire support."

"I do not and will not myself seek the nomination," Mr. Hoover aligned himself with those favoring the United States entry into the league of nations with reservations safeguarding American traditions and interests and declared he differed just as strongly with "extreme view advocated against any league at all as he did at the extreme position taken by the president on participation in purely European affairs."

He declared he had refrained hitherto from entering into partisan political discussions, pending ratification of diverging views on the great new issues which the recent developments in the treaty situation stagnation in economic adjustments and urgent representations regarding the situation in California had impelled him to "confirm the action that my Republican friends they have already taken without consulting me."

JACK JOHNSON COMING BACK TO U. S.

CLEVELAND, Ohio, March 30.—Jack Johnson, former world's champion heavyweight pugilist, arrived at Cleveland, Ohio, today, after a tour of Mexico. Johnson was accompanied by his wife, his nephew and his wife's maid. He came direct from Mexico City and was carrying a passport purporting to have been issued by the United States embassy at Mexico City.

Johnson began negotiations today for a fight in Mexico. He also signed an agreement today to give an exhibition boxing match at Mexico City next Sunday. Johnson said he expected to return to the United States and "get squared" with the federal authorities soon.

COOK COUNTY HAS LARGE POPULATION

Chicago, March 30.—Census figures forwarded to Washington for official tabulation, according to published reports, record the population of Cook county including the city of Chicago, at 3,232,796. The population of the county outside Chicago is 347,942, a gain of 127,992, or 58 per cent over the 1910 count.

The census count for Chicago, according to figures published several days ago, totaled 2,884,827. Should the state constitutional convention decide to consolidate the city and county governments, Chicago's population would be well over three million, the figures show.

PROFIT SHARING PLAN FOR EMPLOYEES

Macomb, Ill., March 30.—An increase of five cents an hour, a minimum wage of \$4 a day, a bonus of five per cent on earnings of men who remain in the employ of the company from April 1 to November 1 of this year and a profit-sharing plan effective January 1, 1921, were the policies of the Macomb Sewer company announced today by Fred L. Dickey, general manager.

MARY PICKFORD AND DOUGLAS FAIRBANKS WED

LOS ANGELES, March 30.—Mary Pickford and Douglas Fairbanks have been married. It became known here late today. They obtained a license here last Saturday and the ceremony was performed Sunday by the Rev. J. Whitcomb Brougher, pastor of the Temple Baptist church. Neither the bride or groom could be located early tonight.

Miss Pickford early this month obtained a divorce at Minden, Nev., from Owen Moore. Mr. Fairbanks' former wife obtained a divorce nearly two years ago in New York.

Miss Pickford and Mr. Fairbanks were married at 10:30 o'clock last Sunday night at the residence of Rev. Mr. Brougher. Those present included:

Robert Fairbanks, a brother of the bridegroom and Mrs. Fairbanks, the bride's mother, Mrs. Charlotte Smith, Marjory Dzw., also a motion picture actress, the Rev. Henry Miles Cook, assistant pastor of the Temple Baptist Church and R. S. Sparks, deputy county clerk, who issued the license.

Mr. Fairbanks acted as groomsmen for his brother and Miss Daw acted as bride's maid. The bride was dressed in white and Mr. Fairbanks wore evening dress.

After the ceremony the minister read passages from the Book of Ephesians, using a Bible which "the bridegroom's" mother had given him as she was dying. It is understood the couple went immediately from the minister's home to Fairbanks' residence in Beverly Hills, near Los Angeles, where they are said to be passing a quiet honeymoon.

The night of her return here from London, Nev., the bride gave out a statement that she "would never marry again, but

would devote the remainder of her life to motion pictures."

Miss Pickford and Fairbanks are said to have been mutually attracted thru their motion picture work and success for some time. In obtaining the license the bride gave her name as Gladys Mary Smith Moore and her age as 26; the bridegroom gave his real name and age as Douglas Elton Fairbanks, 35.

The license, it developed, was not issued at the regular bureau in the court house where most couples have to apply, but at the Fairbanks' home in Beverly Hills last Friday night, when Mr. Fairbanks gave a dinner party there in honor of the bride with the minister and license clerk as guests.

"Cupid" Sparks, the clerk, telling tonight of his part in the affair said: "I had a hunch I might be asked for something in the license line when I was invited to the dinner, so I took along the necessary document. When they brought the subject up I said 'I knew I'd get you two some time' and Fairbanks laughed. After I had made out the papers I said, 'well, that's my masterpiece in marriage license. You can shoot me now. I never can stage anything better than this!'"

The bride's divorce from Moore was obtained on the ground of desertion.

Mr. Fairbanks has a son, Douglas Fairbanks, Jr. His first wife was the daughter of a wealthy resident of Rhode Island named Suliv.

A dinner to close friends was given at the Fairbanks home tonight, followed by a reception at which the bride and groom received the congratulations of members of the motion picture colony and many others.

CHICAGO STOCK YARDS TIED UP BY STRIKE OF LIVESTOCK HANDLERS

Arbitration of Differences
Between Men and Pack-
ers Rejected

CHICAGO, March 30.—Arbitration of differences between 900 striking members of the Livestock Handlers' union and the packing companies was rejected today by officers of the union, who announced the men would remain out until their demands for wage increases from \$30 to \$45 a month were granted. The men now receive from \$30 to \$130 a month, union officers said.

No shipments of cattle, hogs or sheep were received at the yards today and packing company officers admitted that they would be obliged to shut down if the strike continued several days, forcing 50,000 other workers out of employment. The union today called out in a sympathetic strike the private watchmen employed by the packers, leaving the stock yards without fire protection other than that given by the city.

CHICAGO FACES STRIKE OF MANY CITY EMPLOYEES

1,000 City Hall Work- ers Quit Work Tuesday

OTHERS ARE TO FOLLOW

CHICAGO, March 30.—With 1,000 city hall clerks, stenographers and bookkeepers on strike today, the municipal garbage reduction plant closed thru the walkout of 400 garbage handlers, and the threat of 30 percent of firemen to resign unless wage advances were granted. Chicago tonight was faced with a general strike of city employees. The city council, which early today rejected a revised budget calling for an increase of \$1,000,000 to provide salary advances for city employees, met again tonight in an endeavor to find a way out of financial difficulties.

Other groups of city employees, including sewer workers, street inspectors, pumping station engineers and the laboratory staff of the health commissioners office today threatened to strike unless wage advances were granted. The strike of garbage handlers which tied up the collection and disposal of garbage forced 150 teamsters out of work. Threats that 90 percent of city firemen would resign if they were refused an increase of \$300 a year were contained in a letter from George B. Hargan, president of the firemen's association to Mayor Thompson and Fire Chief O'Connor.

The letter said the firemen were disappointed at the lack of consideration shown their request for an increase. The city hall was picketed by striking clerks and stenographers. The police were called to preserve order after a stenographer who remained on duty was attacked. The sessions of the city council also were guarded by policemen.

James Flynn, president of the clerks and stenographers' union said the strikers would remain out until their demand for an increase of \$25 a month was met. Junior clerks now receive \$1,080 to \$1,500 and senior clerks, \$1,620 to \$1,980.

Window washers, who were receiving \$1200 a year, struck today for \$1,872. The garbage handlers demanded a \$4 increase in pay from \$4 a day to \$5.60.

The firemen are not striking because they think they see an opportunity to force their demands they say but because they cannot live on the wage they receive. "A fireman has to spend more on clothes than any kind of a worker," said a fireman. "He has to buy a suit of clothes, a pair of pants come to \$15, helmets \$7.50, rubber boots \$7 and raincoats \$12. If he ruins a suit of clothes in a fire it is his own loss. "If he is injured at a fire the department pays his wages while he is sick, but he has to pay the doctor bill."

BERGDOLL FOUND GUILTY OF DESERTION

NEW YORK, March 30.—Grover Cleveland Bergdoll, young Philadelphia recently court martialled for desertion because of his alleged failure to report for military service under the draft, was sentenced to five years in prison, according to a decision of the court made public here today.

The findings of the court martial which completed its work on March 17, last, were approved today by Lieut. General Robert Lee Bullard, commander of the department of the east, and immediately communicated to Bergdoll, who has been in a cell at the Island.

Bergdoll was found guilty of desertion from August 8, 1918, when he failed to report under the draft. He was arrested at his home in Philadelphia Jan. 7, last. In addition to the prison term the sentence provides for dishonorable discharge from the army and the forfeiture of all pay and allowances.

No defense was offered at the trial.

SUFFRAGE IN KENTUCKY

Frankfort, Ky., March 30.—Suffrage for women of Kentucky in the next presidential election apparently is assured by the signature yesterday of Governor Morrow of the measure passed by the legislature granting women the right to vote for presidential electors.

WELL KNOWN SCHOOL TEACHER MARRIES

Mrs. J. W. Richardson has received word of the marriage of Miss Laura Harvel, formerly assistant superintendent of the Greens county schools to Jacob B. Ambrose, a retired farmer of Carrollton. The bride is well known to a number of Jacksonville people. They will make their home in Carrollton.

NEW YORK SOCIALISTS ARE FOUND GUILTY BY JUDICIARY BODY

Vote of Committee 7 to 6— Will Probably Mean De- claring Seats Vacant

ALBANY, N. Y., March 30.—"Guilty" was the verdict rendered in the assembly today by a majority of the judiciary committee in the case of the five Socialist members suspended on the opening day of the 1920 legislative session on charge of disloyalty.

Indications were overwhelming tonight that the majority decision would be upheld by the assembly as a whole and that their recommendations that the Socialists seats be declared vacant would be adopted.

Majority Leader Simon D. Adler and Assemblyman Theodore Roosevelt let it be known today that they would oppose the unseating of the Socialists.

Action on the committee's report was made a special order for tomorrow. It is expected that the entire day will be given over to oratory and argument and that so many members will want to be heard that a vote cannot be reached before Thursday. It is known that the leaders of the expulsion faction favor deferring a vote until Thursday inasmuch as under the law the governor cannot call a special election to fill a vacancy in the legislature after the last day of March unless an extraordinary session of the legislature is convened. If the seats of the Socialists should be declared vacant tomorrow the governor would be free to exercise his prerogative of calling a special election in each of the five districts that elected a Socialist assemblyman last November. The crowd that filled the assembly chamber to capacity today was disappointed if it expected dramatic or sensational action. The proceedings were most prosaic and commonplace. As soon as the order of reports from standing committees was reached, Chairman Louis M. Martin of the committee presented the majority report together with dissenting opinions, filed by six of the thirteen committee members.

There was a brief debate when Mr. Martin moved that action on the report be made a special order for tomorrow but the motion was carried by an overwhelming majority.

COUNCIL PREPARES FOR BOND ELECTION

People Asked to Authorize Issue of \$30,000 Additional Bonds— Needed to Complete Plants— Higher Pay For Employees.

The city council held a special session Tuesday night to act upon an ordinance providing for the issuance of bonds. As has been stated before, it is the wish of the council to issue bonds to the extent of about \$30,000 in order to provide for the completion of the filtration plant and the equipment of the power plant. Even this sum will not be entirely sufficient and it is proposed to secure other needed money from the general fund.

The ordinance last night provides for the issuance of \$30,000 in bonds and that the question of authorizing the issuance shall be put up to the voters on Tuesday, April 30. The action was taken last night at the special meeting in order to make it possible to submit the question April 20 at the regular election. In this way the city will avoid the large additional expense that a special bond election would cause.

Mayor Cahoon called the council to order at 7:30 and Alderman Cain was elected clerk pro tem. Roll call showed all of the aldermen present. The bond ordinance as prepared by City Attorney J. A. Bellatti was then read and was adopted with an emergency clause.

Another important matter came before the council, which is the question of increases in the wages of city employees. On motion of Alderman Chapin with a second by Alderman Moore, the clerk was instructed to prepare an ordinance providing for certain increases for heads of departments and employees, to be effective from April 1. These increases were not specified in the motion but it was stated that the increases provided in the ordinance will be in compliance with recommendation of the finance committee. The increases agreed upon are understood to be in varying instances from \$5 to \$15 per month.

It is also provided that city employees hereafter shall receive their pay semi-monthly instead of monthly.

The bond ordinance as passed last night appears in another part of this paper.

BRYAN NOT A CANDIDATE

ADMIRAL MAYO TAKES ISSUE WITH SIMS'S STATEMENTS

Declares Fleet Was Never Better Pre- pared for War

REVIEWS WHOLE SITUATION

WASHINGTON, March 30.—Faulty organization in the navy department and "absence of a definite foreign policy, except that of strict neutrality, operated to prevent preparation of the entire navy for the war, Rear-Admiral Mayo, commander of the Atlantic fleet during the world war declared today before the senate naval investigation committee. The active fleet itself, however, was never better prepared, he said, than when war was declared.

Admiral Mayo, who was Rear-Admiral Sims' immediate superior, technically at least, during the war, took issue with some of the statements made by that officer in his indictment of the department's conduct of the war. To the charge that no adequate plan for cooperation with allied navies had been made in advance he answered that the office of chief of operations had been created in 1915 and was not comprehensive enough to secure the best possible results, but that without it, conditions would have been chaotic. The navy was as well prepared for war in 1917 as were the British, French and Italian navies in 1914, Admiral Mayo asserted.

Admiral Mayo did not agree with Admiral Sims' contention that every available destroyer and anti-submarine craft should have been sent abroad when war was declared. He said that it was imperative that some destroyers be kept with the Atlantic fleet.

Admiral Mayo said that the armed forces of a nation were merely the instruments to support national policies. The navy department he argued was responsible for the efficiency of the service only to the extent of congressional provisions and he added that it took more than a year or two to build a navy adequate to a great emergency. The organization of the navy department before and during the war and now, is unsatisfactory, Admiral Mayo said.

"So long as the present organization exists," he continued, "the maximum efficiency either in preparation for war, in the conduct of war or in economical development of the navy in peace, cannot be attained. In the present organization responsibility for the readiness of the navy for war cannot be placed anywhere but with the secretary of the navy who must coordinate thirteen offices, boards and bureaus."

Admiral Mayo said he was not kept informed on changes in policies as fleet commander and properly consulted with regard to developments in the western Atlantic during the war, that units of his command were detached and directed from the department instead of being left under his direction; that authority was so centralized in the department that the principle of "sub-division of responsibility" was neglected; that he was not sent abroad to direct operations there that he recommended and that the department refused to send all available battleships abroad in the spring and summer of 1918 to prepare for an expected "last hope" drive by the German fleet.

This operation was ordered by the enemy high command, he said, but the low morale of the German crews made it impossible of accomplishment.

PROMINENT WISCONSIN JUDGE DIES SUDDENLY

Madison, Wis., March 30.—Judge George Clementson died this morning at his home in Lancaster, Wis., following a stroke of paralysis. He has been on the circuit bench for 33 years.

NAMED TRAFFIC DIRECTOR

Washington, March 30.—W. V. Hardy of Oklahoma City was appointed today by the Interstate Commerce commission as director of traffic a post created by the increased duties under the transportation act.

WEATHER INDICATIONS AND TEMPERATURES

Illinois: Fair Wednesday and Thursday, becoming unsettled in north portion Thursday; continued warm.

Temperatures.
The current, maximum and minimum temperatures as recorded Tuesday were:
Jacksonville, Ill., 59 71 41
Boston 50 62 40
Buffalo 38 46 30
New York 54 64 40
New Orleans 60 64 40
Chicago 61 61 23
Detroit 52 60 30

Member the ASSOCIATED PRESS. The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited to this paper.

Senator Borah is still vehement in his attacks upon the lavish campaign expenditures made by the supporters of Gen. Wood. There is seemingly plenty of basis for the senator's attacks. However, if he were not such an ardent supporter of Senator Johnson's candidacy, his statements with reference to other aspirants for presidential honors would carry more weight.

Designers of men's clothing assure the public that the skimpy styles adopted are not for the purpose of revealing the beautiful lines of the macceline form, but to save cloth, at present so expensive. Possibly there will be a still further abbreviation by 1921, for the tendency of the woolen cloth market is said to be still upward, and the big clothing manufacturers continue to meet with requests for higher wage scales.

Women need not be distressed because of the attorney general's statement that they can vote at the April primary, but that the vote will not count. The language of the attorney general is that it will be a "straw vote." That's about all that the presidential preferential primary means in Illinois, for the vote is merely advisory.

ADDITIONAL BOND MONEY NEEDED.

The city council is asking that the people of Jacksonville authorize the issuance of an additional \$30,000 in bonds. The council has made a clear statement that this money is absolutely necessary in order to complete and make effective the filtration and power plants. The people of the city have not been left in doubt about any financial matter. All the figures have been laid before them. The issuance of the bonds is a matter of necessity if the city is to get the benefit in improved service for the expenditure of the funds already available.

PUTS IT UP TO THE PEOPLE.

Gov. Lowden is making a straightforward dignified appeal to the people of his home state for their support at the primary election April 13. The governor says that he has lived in Illinois thirty years, has fully appreciated

the honors conferred upon him by the people, and that he is willing to stand upon his record. Gov. Lowden has tried to be a useful public official and to give Illinois a high class business administration. Now he asks the public if they approve that administration and if they believe in his sincerity and integrity, and that he could fill the presidential chair with honor to the home state—to indicate those opinions at the primary. It's a fair, clear statement and the governor of Illinois need not fear about the results.

WOULD EXEMPT ALL LIBERTY BONDS.

A congressman has proposed a law exempting Liberty bonds from taxation, maintaining that this action would be certain to raise prices and to correct the conditions which are now so loudly complained about by bond holders. No doubt such action would put the bonds at par and perhaps above it. Something should occur to bring the conditions for these high class securities back to the figure where it belongs. There is genuine cause for dissatisfaction on the part of many people who strained themselves financially to make Liberty bond investments because they thought it a matter of patriotic duty. They were told, however, that they were buying the best security in the world and now many of them who are not acquainted with general business affairs can't understand the market conditions.

To exempt all the issues from taxation would mean a heavy loss in taxes to the government which must be made up from some other source. Meanwhile financial men have the feeling that in the course of a reasonable time world business conditions will be so adjusted that the bonds will again bring par prices. It is also true that the present depression is in part due to the bond holders themselves, who because they fear still lower prices, or because they seek some other form of investment, are dumping them on the market.

AN OBSOLETE THEORY ABOUT ADMIRALS.

Admiral Sims in the World's Work for April: I find that many people are surprised that I had my headquarters in London. The historic conception of the commander-in-chief of a naval force located on the quarter deck of his flagship still holds the popular imagination. But controlling the operations of extensive and widely dispersed forces, in a campaign of this kind is quite a different proceeding from that of directing the naval campaigns of Nelson's time, just as making war on land has changed somewhat from the

method in vogue with Napoleon. The opinion generally prevails, that my principal task was to command in person certain naval forces afloat. The fact is that was really no part of my job during the war.

Rippling Rhymes By Walt Mason

The Teacher. The teacher's is the noblest stunt a mortal can pursue; and yet today we see her hunt for something else to do. She loves her high, uplifting trade and quits it with a sigh, but she can't live on what she's paid, and can't afford to die. For years she studies night and day, to qualify to teach; and we behold her on her way, and say she is a peach. We hand her nosegays when they're cheap, and call her Buttercup, and say the blessed schoolmarm keeps our bulwarks right side up. Without her this enlightened age would sadly be bereft; she guards the priceless heritage our well known fathers left. We hand her taffy with a spade, but when she makes complaint about the measly wages she's paid, we sweat some blood and faint. We may confess to spendthrift ways, hold miser creed a crime; but when the schoolmarm asks for a raise we're tightwads, every time. And so she's going from the school to seek some other trade, to carve her way with some new tool, a corkscrew or a spade. She cannot thrive on nosegays sweet, or flourish on hot air, for she must have a prune to eat, and decent rags to wear.

BEAUTIFUL CARDS And Easter specialties now on display. LANE'S.

K. OF T. EASTER SERVICE. Members of Hospitalier Commandery Knights Templar will attend services next Sunday at Northminster church. Members of the Commandery will assemble at their temple at 2 o'clock and the service is scheduled to begin at 3 o'clock. Dr. Walter E. Spooner, pastor of the church, will deliver the sermon.

MUSICIANS GRAND BALL. K. of C. Hall, Tuesday, April 6. Big orchestra. Special music.

W. R. C. MEETING. POSTPONED. The Woman's Relief Corps meeting which was to have been held at Mrs. Weber's Thursday has been postponed one week.

PETITIONS FILED FOR SCHOOL BOARD

Three Petitions Were Filed Yesterday—Last Day of Filing April 7.

Three petitions for places on the ticket at the coming election for Board of Education members were filed with the secretary, Mrs. Mary E. Pierson Tuesday. Under the school law petitions may be filed within ten days of the election instead of twenty days as in municipal elections. It probably was with the municipal elections in mind that the three petitions were filed Tuesday.

Those filed were for Thomas J. C. A. Fiedler and H. L. Caldwell. Mr. Fiedler has been a member of the board since the new school law went into effect. Mr. Fiedler and Mr. Caldwell are new aspirants.

It is probable that several other petitions will be filed before the last day of filing which is April 7. Three members and a president are to be elected.

MUSICIANS GRAND BALL. K. of C. Hall, Tuesday, April 6. Big orchestra. Special music.

RETURNS FROM EASTERN TRIP. Walter Ayers has returned to Jacksonville after a week's absence. He was in Chicago and then went to Akron, Ohio, to spend a number of days with his son, Allan F. Ayers, who is vice-president and secretary of the Ohio Savings & Trust Co. Akron is a very prosperous manufacturing city and has shown a substantial growth in recent years.

NEWEST CREATIONS. You will find just the style hat, at the price you can afford to pay, at HENRY'S, the Opera House Milliners.

W. C. SPALDING DIES AT FAIRFIELD, IOWA

Wife Was Related to Residents of This City — Deceased Was Prominent Business Man in Iowa.

Relatives here have received word of the death of W. C. Spalding at his home in Fairfield, Iowa, March 20. He had been in failing health for several months and death was not unexpected.

Mr. Spalding was a member of the Masons and Knights Templar. They were in charge of the funeral services. He was born in Vermont but came west early in life. He had been prominently identified with the manufacturing interests of Iowa.

His widow who survives is a cousin of J. M. Baker, Mrs. Boyd, Miss Lena Stagg and Mrs. Sarah Boyce of this city.

WANTED. Young man to work at Peacock Inn.

DEMONSTRATION IN SPRAYING TO BE GIVEN

As already announced under the auspices of the farm bureau a representative of the University of Illinois will spend today and tomorrow in the county to give demonstrations in orchard spraying. The special demonstrations as arranged by the county agent will be as follows: 9:30 a. m. today—Fred Jewsbury's farm south of Markham. 2 p. m. today—Henry Osborne's farm south edge of Murrayville. 9:30 a. m. Thursday—Fred Hagan's farm in Arnold precinct. 2 p. m. Thursday—A. D. Gibson's farm near Providence church.

WESLEYAN PROFESSOR AT I. W. C. Professor A. O. Piesel head of the Bible department of Wesleyan University is the guest of the Woman's College. He will hold special services Wednesday evening and Sunday afternoon.

The story of a pleasure-mad wife who "jazzed" away all she held dear.

ETHEL CLAYTON in "Young Mrs. Winthrop" A Paramount Arcraft Picture. Beautiful Ethel Clayton in Her Most Appealing Role! Supported by a great cast, including Harrison Ford, Winifred Greenwood, Raymond Hatton. Pronounced by the press, public and dramatic critics everywhere, one of the most sumptuous motion pictures ever filmed. The Queen of the American Screen in a lavish production, directed by the master minds of the silent drama. A play that strikes a responsive chord in the breasts of millions who love the finer things of life. Bronson Howard's intimate drama of young married life. The story of two who loved each other dearly, yet blindly wrecked their home.

A Story That Snuggles Close to the Heart. So true to life, you'll think of a similar case you know. So tender and fine, you can't hold back the tears. So human you'll laugh in sheer delight. She was a pleasure-loving wife and he was a business-loving husband. Only their baby held them together. One night, while they quarreled after a "sporty" party, the child was taken away. Come and see what happened after that!

Mrs. W. D. Gibbs of Winchester was a Jacksonville shopper Tuesday.

FORMER SALOONS USED FOR LIBRARIES

In Many Cities Rooms Occupied By Saloons In Former Days Used for Neighborhood Library—Large Demand for Books.

Cupboards and shelves behind the glittering mahogany bars, which once housed rows of variegated bottles, now shelter rows of books of all sorts. The former saloon has become, in many instances, the corner library for the service of the neighborhood.

In many places, former saloons have been turned into stores in which have been installed collections of the best sort of reading matter as branches of the main public library or, as in communities which have lacked library service, adjuncts to the library of the nearest city. This extension of service is encouraged by the American Library Association, in its "Books for Everybody" movement, now under way throughout the nation and it has met general approval. The enlarged program of the association purposes to spread the doctrine of self-education thru libraries by opening avenues of opportunity heretofore closed to a large percentage of the people. It is estimated that 60,000,000 persons in the United States today have inadequate library service and to remedy this, with the aid of other library agencies, the association aims to bring the best of reading matter within easy access of every man, woman and child in the country.

Those in charge of the collections established in those places which were once saloons report a large demand for books, both fiction and on technical subjects. Persons who have never had much acquaintance with books are becoming regular patrons and the circulation is constantly growing. Promotion of this phase of spreading American ideals thru self-instruction is one of the principal aims of the American Library association. To carry on the work, librarians, library trustees and friends of libraries are

raising a fund of \$2,000,000. An intensive drive is being conducted.

A WONDERFUL HELP

At Two Stages of Life Lydia E. Pinkham's Vegetable Compound Made Mrs. Fairburn Strong And Well.

Chattanooga, Tenn.—"I used Lydia E. Pinkham's Vegetable Compound before my baby came when I could no longer keep a p. It strengthened my back and relieved me of the dropsical effect which had often developed at such times. It helped wonderfully. That was my first experience with the Vegetable Compound. Years afterwards I took it during the Change of Life and got along so well I scarcely ever had to lie down during the day and seldom had dizzy fainting spells. I am now well and strong, can do all my housework with perfect ease and it is a comfort to me to be able to say to other suffering women 'Take Lydia E. Pinkham's medicine and be strong.' I will be glad to have you use my name if it will be the means of helping any one."—Mrs. R. A. FAIRBURN, 606 Orchard Knob Avenue, Chattanooga, Tenn.

For forty years this famous root and herb medicine has been pre-eminent successful in controlling the diseases of women. Merit alone could have stood this test of time.

TWENTIETH DISTRICT EXECUTIVE MEETING

Here Tuesday at Peacock Inn—Discuss Silver Jubilee Extension Fund.

I having of the executive State of the Illinois Federation of Women's Clubs was the Peacock Inn Tuesday, president, Mrs. J. C. Grout and Mrs. E. D. Bied. The minutes of the previous meeting were read and approved. Following the routine business the members discussed the Silver Jubilee Extension fund. The president urged the executives of all of the clubs to take up the matter with their various organizations.

Six clubs have paid in a considerable sum but twenty-two clubs have not reported. It was reported that Scott county was the only county that has gone over the top at the present time. Several of the counties have responded in a gratifying manner to the Y. W. C. A. fund. The counties mentioned were Calhoun, Cass, Morgan, Pike and Scott. The

president also reported that response had been made to the appeal of the Parkridge school for dependent girls by a number of clubs.

Mention was made of the change of the headquarters of federated clubs of Illinois. The headquarters are now at 127 North Dearborn street, Chicago. The State federation meeting will be held in Chicago this year, May 23-26. Mrs. Grout urged that all clubs select delegates as soon as possible. She also said that any club not federated with the state organization should do so at once.

Winchester was selected as the place for holding the district meeting this year. The dates will be Wednesday and Thursday, October 6 and 7. Club members will note the change as the district meeting has heretofore been held in the spring.

Mrs. David Hainsfurther of Winchester was chosen chairman of the program committee for the district meeting. There will be two evening meetings at the fall session.

Among those present were: Mrs. J. C. Grout, president, Winchester; Miss Catherine Hitt, corresponding secretary and treasurer, Winchester; Mrs. E. D. Bied, recording secretary, Bluffs; Mrs. James Overton, chairman of Education, Winchester; Mrs. W. E. Shastid, bulletin chairman, Pittsfield; Mrs. G. F. Freckelton, vicepresident, Menard county; Mrs. Cal Simmons, home economics and pure food department, Winchester.

NEWLYWEDS TO RESIDE NEAR SINCLAIR

Mr. and Mrs. Emmett Brown to Live on Farm Northeast of Sinclair — Joseph McClane Leaves for Kentucky — Other News.

Mrs. Annie Stockton received a telegram Saturday morning telling of the death of her brother, Carl Rush, at Champaign. Mrs. Stockton left Saturday afternoon for Edgewood, where the funeral will be held and interment made.

Mr. Emmett Brown of Sinclair and Miss Clara Irwin of Prentice were married in Springfield on Tuesday night. They will reside on a farm three miles northeast of Sinclair. Saturday night a number of the young people of the neighborhood gathered and gave them an old-fashioned charivari. Mr. Brown was prepared for just such an event and gave the crowd a fine treat.

Joseph McClane recently held a closing out sale and has gone to Kentucky for a visit. Mrs. McClane's death occurred recently. The farm Mr. McClane vacated will be occupied by George Burmeister.

Clyde Lewis, who had his leg broken by a young horse some six weeks ago, is expecting to be able to sit in some time this week for the first time since being injured.

The station agent here, J. H. Gaither and wife spent Sunday visiting with A. T. Hodgson and wife at their home in Jacksonville.

H. Hall, who has been working in the blacksmith shop of William Hopper, has gone to the home of William Walbaum south of Sinclair, where he will be engaged for the summer.

Mrs. Charles Mathews has sold her place south of Sinclair to a

Mr. Fox of Farmersville, the latter being Mrs. Mathews' son-in-law.

S. W. Dunlap has left our neighborhood and has taken up his residence west of Jacksonville.

The first oat sowing of the season was started Monday but the ground is still quite wet for this work.

SOCIAL SERVICE LEAGUE MEETING

Was Held in League Rooms Tuesday Evening—Reports Made of Activities.

A meeting of the directors of the Social Service league was held in the league rooms over the Ward book bindery Tuesday evening. There was a good attendance and a number of reports were received.

Among these was the report of Mrs. Chiolek, superintendent, which proved of interest.

The case committee also reported visits to the sickness and furnishing relief. The committee also reported getting assistance from outside agencies. The overseer of the poor also cooperated with the committee. The relief committee also has done considerable sewing for the poor. The Aid society of State street church gave \$10 to the committee.

One of the important innovations is the community clinic. This clinic has been held three times and twelve cases have been examined. The work is in charge of a physician from Jacksonville State hospital.

The report of Mrs. Chiolek is given in full.

CIRCUIT COURT IS ADJOURNED FOR TERM

Judge Jones Extends Orders in a Number of Cases Tuesday—Divorces Granted.

Judge Norman L. Jones presided Tuesday in the circuit court and made a number of docket entries. In the afternoon he adjourned court for the term.

In the estate of Annie Portney, the current report of the trustee, the Farmers State Bank & Trust Co., was approved.

In the proceedings of Lucinda Kirby, executrix, vs. Annabel Marcoe Ferris, the report of the Farmers State Bank & Trust Co. as trustee was approved.

In the bill of Gates Strawn as administrator vs. Henry Oakes et al., leave was given the complainant to further amend his bill and the death of Mary E. Wood was suggested.

Advisory was granted to Mrs. Lilene Center from her husband, Harvey Center. Desertion was the charge made and the decree was entered on this basis.

In the partition proceedings of Little B. Moody vs. W. R. Moody, leave was given the defendants to file cross bill and Hugh Green was appointed guardian ad litem to represent minor defendants.

In the bill of Vernetta G. Basey et al., vs. F. C. Trotter, et al., all adult defendants were ordered to answer the amended bill by May 1 and Edward P. Brockhouse was named guardian ad litem for minor defendants.

In the partition proceedings of Sarah Norman et al., vs. Sallie Jones et al., the report of the commissioners was approved and the decree for sale entered and approved.

In the injunction suit of L. C. and R. E. Henry, against John Anderson, the demurrer to the bill was sustained and leave given the defendants to answer by May 1. A temporary injunction was ordered to issue after complainants have filed bond in the sum of \$3,000.

George Lovekamp of Arenzville was added to the list of city callers yesterday.

Many Persons Will Give Gifts

The Diamond is emblematic of purity. This is a season of joyousness, that with many find its expression in making gifts to loved ones. Something diamond-set will be particularly fitting—a beautiful gift, bearing the sentiment of its donor, and one that will prove more precious as the years come and go. Our advice, backed by forty years' experience, may be depended upon when making a selection.

Our stock of other gifts suitable for these occasions is always large and varied, embracing the newest in Rings, Pins, Watches, Brooches, Articles in Silver and Glass.

A cordial invitation is extended to you to call and let us show you our stocks, and confer with you.

AN ORDINANCE.
Providing for the issuance of bonds for the completion of the Filtration Plant and Power Plant of the Water Works System in the amount of Thirty Thousand Dollars, and providing for the payment thereof.
Be It Ordained by the City Council of the City of Jacksonville, Illinois.

Section 1. That for the purpose of completing the Filtration Plant and the Power Plant of the Water Works System of the City of Jacksonville, Illinois, there is hereby authorized to be issued bonds to the amount of Thirty Thousand Dollars, consisting of sixty bonds of Five Hundred Dollars each, to be dated July 1, 1920, each of said bonds bearing interest, evidenced by coupons, at the rate of five per cent per annum, payable semi-annually, on the first days of January and July in each year.

Fifteen Hundred Dollars in amount of said bonds shall become due on the first day of July in each year of the years 1921 to 1940 inclusive.

Section 2. That the bonds hereby authorized shall be substantially in the following form:

United States of America
State of Illinois

No. \$500.00

City of Jacksonville

Filtration and Power Plant

5 Per Cent Completion Bond.

Know All Men By These

Presents That the City of Jacksonville, State of Illinois,

acknowledges itself to owe and for value received hereby

promises to pay to the bearer the sum of Five Hundred Dollars, in

lawful money of the United States of America on the first day of

July, 19—, with interest thereon from the date hereof at the rate

of five per cent per annum, payable semi-annually on the first

days of January and July in each year, on presentation and surrender of the annexed interest

coupons as they severally mature.

Both principal and interest of this bond are hereby made payable at the office of the City

Treasurer of the City of Jacksonville, Illinois, and for the prompt

payment of this bond, and the interest thereon, the full faith, credit and resources of the City

of Jacksonville, Illinois, are hereby irrevocably pledged.

This bond is one of a series of like date and tenor (except date

of maturity), numbered from 1 to 60, both inclusive, aggregating the sum of Thirty Thousand Dollars, and is issued for the purpose

of completing the Filtration and Power Plants of the Water Works System of said city, under authority of Chapter 24 of the Revised Statutes of the State of

Illinois, and with the assent of a majority of the qualified voters

of said city, voting at a general election duly held on the 20th day

of April, 1920, and by proper authority of the ordinances duly

adopted by the City Council of said city.

It is hereby certified and represented that all acts required to be done precedent to and in the

issuing of these bonds have been

performed in regular and due

form as required by law; that the

direct annual tax upon all taxable property of said city has

been levied for the payment of the principal and interest of this

bond, and that the total indebtedness of said city, including this

bond, and the issue of which it is a part, does not exceed any

statutory or constitutional limitation.

In witness whereof the City of Jacksonville, Illinois, has executed

this bond by causing the same to be signed by its Mayor and attested by the City Clerk, with the seal of the city attached, and has

caused the annexed interest coupons to be executed with the facsimile signature of said City Clerk as of the first day of July, A. D., 1920.

City of Jacksonville,

By _____ Mayor.

Attest: _____ City Clerk.

Coupon.

No. \$125.00.

On the first day of July, 19—,

the City of Jacksonville, Illinois, will pay to bearer Twelve and 50/100 Dollars, at the office of the

City Treasurer of the City of Jacksonville, Illinois, being interest then due on Filtration and Power Plant Completion Bond

No. dated July 1, 1920.

City Clerk.

Section 3. That the said bonds shall be signed by the

Mayor of said city and attested by the signature of the City Clerk

and have the seal of said city affixed thereto, and each of the interest coupons attached to said

bonds shall be executed by placing thereon the lithographic

facsimile signature of the City Clerk.

Section 4. That for the purpose of providing for the payment of the principal and interest of the bonds hereby and herein authorized to be issued, as they

shall mature, there shall be and there is hereby levied, and there shall be collected a direct annual

tax upon all of the taxable property within the said City of Jacksonville, sufficient to produce the

following sums of money in each of the following years to wit:

Year	Sinking	Interest	Total
1920	1500	1500	3000
1921	1500	1425	2925
1922	1500	1350	2850
1923	1500	1275	2775
1924	1500	1200	2700
1925	1500	1125	2625
1926	1500	1050	2550
1927	1500	975	2475
1928	1500	900	2400
1929	1500	825	2325
1930	1500	750	2250
1931	1500	675	2175
1932	1500	600	2100
1933	1500	525	2025
1934	1500	450	1950
1935	1500	375	1875
1936	1500	300	1800
1937	1500	225	1725
1938	1500	150	1650
1939	1500	75	1575

That the aforesaid amounts of money needed for the purposes

aforesaid, in each of the aforesaid years, shall be included in

and made a part of the annual appropriation bills, and the City

of Jacksonville hereby promises to the holders or purchasers of

said bonds, and does hereby and herein obligate itself annually

and in due time and manner to take any and all action required

by law to carry out provisions of this section and the laws of the

State of Illinois and the ordinances of the City of Jacksonville.

Section 5. The aforesaid Filtration and Power Plant Completion

Bonds shall be issued and sold as soon after the first day of

July, 1920, as is practicable, and shall not be sold at a price less

than the par value thereof, plus accrued interest accumulated

from the date of the bonds to the date of delivery to the purchaser.

Section 6. The taxes levied and collected to pay the aforesaid

mentioned and described bonds shall, when collected, be kept

separate and apart from the other funds of the city in a fund to be

known and designated as "Filtration and Power Plant Completion

Bond Interest and Sinking Fund," and shall not be used for any

purpose other than the payment of the principal and interest on

said bonds.

Section 7. The bonds hereby authorized by this ordinance are

not to be issued unless this ordinance is approved by a majority

of the legal voters of the City of Jacksonville, voting on the question

at the general election in said city, to be held in the said City of Jacksonville, Illinois, on

the 20th day of April, 1920.

Section 8. That the City Clerk is hereby instructed to prepare

and have printed an official ballot for use at said election which

ballot shall be in the following form, to wit:

Shall bonds or obligations for the purpose of completing the Filtration and Power Plants of the Water Works System of the City in the sum of Thirty Thousand Dollars (\$30,000) be issued by the City Council of the City of Jacksonville, Illinois.	YES.	NO.

Section 9. This ordinance shall be in full force and effect from and after its passage, publication and approval by the legally qualified electors of the

City of Jacksonville, Illinois, at the general election to be held in said city on April 20, 1920 as is by law required.

Section 10. An emergency is hereby declared to exist and this ordinance shall be in full force and effect from and after its passage, publication and approval.

Passed by the City Council of Jacksonville, Illinois, at a special meeting held on the 30th day of March, A. D., 1920.

Approved March 30, 1920.

E. E. CRABTREE, Mayor.

R. L. PYATT, City Clerk.

College 1920

What a Small Town Has Done Jacksonville Can Do and, We Believe, Will Do—

A small COLLEGE in South Dakota is situated in a FARMING TOWN of only 7,000. The community has been raked and sandbagged for war drives and benevolences of every kind.

ITS COLLEGE needed \$300,000.00 to save its faculty. The president said "We must get \$100,000.00 FROM THIS COMMUNITY before we can get \$200,000.00 from the outside."

The citizens had plenty of "Pep" and a firm belief in the VALUE OF THEIR COLLEGE.

They went to work with a wall.

At last accounts the teams had made over 250 calls and had obtained \$51,000.00. They expected to make 275 more calls and obtain the balance.

Have the Citizens of Jacksonville and Morgan County Any Less Faith In Old Illinois? We Think Not

What a community of only 7,000 CAN do, Jacksonville, WITH TWICE its population WILL do.

Let us show OUR PEP in no uncertain way.

No community has been "bled white" if it has a GREAT CAUSE to meet and a VITAL ENTHUSIASM for that cause.

Show Your Enthusiasm April 11 to 17

CROP OUTLOOK IN GREENE COUNTY GOOD

Vegetation Shows Great Benefit From Recent Weather Conditions—Rev. John Howard Returns From India—Other Greene County News.

White Hall, March 29.—All vegetation has been greatly benefited by the weather conditions of the past week, and the fruit outlook could not be better at this time of the year. Grasses are excellent, and there are evidences of an unusual amount of cattle and hog feeding. The week was characterized by high wind, the like of which does not appear on record. Wednesday, Friday and Sunday were the days of the big blows, the latter one continuing for more than twenty-four hours, putting telegraph and telephone service out of commission all over

SORE THROAT, COLDS

Quickly Relieved by Hamlin's Wizard Oil

Hamlin's Wizard Oil is a simple and effective treatment for sore throat and chest colds. Used as a gargle for sore throat it brings quick relief. Rubbed on the chest it will often loosen up a hard, deep seated cold in one night.

How often sprains, bruises, cuts and burns occur in every family, as well as little troubles like earache, toothache, cold sores, canker sores, stiff neck, and tired, aching feet. Soothing, healing Wizard Oil will always bring quick relief.

Get it from druggists for 36 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Lizer Whips, pleasant little pink pills, 30 cents. Guaranteed.—Adv.

Ill. Phone 1697

this section of the country, at least as far as Illinois and Missouri are concerned, and there was some property damage of no great extent, the wind wreaking vengeance almost wholly on poles and trees. Old river men down on the Illinois landing at Grand Pass say it has never before known to be as much as two days in one week when the Illinois river could not be crossed by ferry, and the ferry could not be operated on any one of the three days mentioned above.

David Wells, for twenty-two years a crop reporter for the department of agriculture, says he has given up the work. He does not assign any reason for publication. He has been a valuable reporter in Walkerville township, his territory embracing much of the reclaimed area of the Illinois river valley. This leaves the reporting work for the northwestern section of Greene county alone in the hands of C. E. Potts, president of the new White Hall Co-operative Mill & Elevator Co., who has been serving in this capacity for the past few years. Mr. Potts now advocates a central local agency for the compilation of information for the government and other agencies, a place where farmers and others can gather and exchange views and arrive at averages that probably would be even more accurate than the present reporting arrangement. Such a central agency would be at the service of all newspapers and industries other than agriculture if the plan of Mr. Potts should be carried out, and with the new awakening and reorganization in community affairs some provision should be made for such a service as a clearing house of information.

The farmers of the neighborhood of Barrow station are prepared to go into the road-oiling game on quite an elaborate scale. Meeting have been held in the church at Barrow, presided over by W. H. Wendell, and an effective organization has been created for oiling five miles of road, for which the sum of \$2,400 has been raised by private subscription. This will make a continuous oiled road from Roodhouse northwest through Barrow and Patterson to Glasgow. C. E. Dunn, William Stenman and Henry Day are the leading spirits in bringing about this movement, and now A. J. House proposes to arrange for oiling from Patterson south to Drake station. Here is where White Hall should come in and arrange for oiling from Drake station to White Hall, thus completing the circuit. At Barrow does the oiling from Roodhouse west two miles, where the work is taken up by the Barrow committee.

Howard Back From India. Rev. John Howard left Monday morning for Collinsville to rejoin his family, after spending three or four days among his old home friends and delivering three illustrated lectures in the First Baptist church on his work as a missionary in India for over seven years. The lectures were illustrated very clearly with the best sort of pictures, and they created extended interest, drawing large audiences. On account of poor health he had to give up his work in India, returning with his wife and two children, who were born in India and who were little acquainted with English until coming across on boat and meeting with English-speaking children. The Howard children had been under the care of native nurses and had no opportunity to acquire English until now. Mrs. Howard's parents reside at Collinsville, and the family is headquartered there until their future plans mature. Mr. Howard is a son of the late Rev. J. F. Howard, for four years or more pastor of the First Baptist church here, and who died in Texas a couple of years ago.

The engagement of Rev. Howard with his missionary talks is to be followed up with a series of meetings by Rev. L. C. Bauer, whose services as an evangelist have been in demand over the south and southwest for several years, and while a resident of White Hall has not before led in a series of meetings here. His singer is Jennings Clark, whom Rev. Bauer discovered in a coal mine in southern Illinois as having vocal ability, and who has been traveling with Rev. Bauer for several years with success.

The White Hall churches present the unusual spectacle of entering the spring season full of ginger and enthusiasm, more ordinarily characteristic of church activities in the fall season. The

Busy Women

Clean Electrically

The woman who has many interests—welfare work, club, social, political, religious, athletic, educational—finds the electric cleaner indispensable.

Her home is not alighted but is kept in better condition with less effort, in less time. Such a woman buys an electric cleaner as an investment—as a business man buys a typewriter or installs a telephone, for sound, practical reasons.

People who know will appreciate the many good points of the Western Electric Cleaner. Demonstrations if you wish.

Walsh Electric Co.

300 E. State St. Phone 595

Presbyterians held the sixth annual Easter Sunday morning on the return of Rev. Ewert from his Lenten engagement in Memphis, Tenn., and preparations are under way for an elaborate observance of Easter next Sunday. The Methodists are holding devotional services this week, and will hold the annual Easter dinner next Thursday, concluding Sunday with the adoption of a large class of new members in connection with Easter services next Sunday. The Christian congregation had a big lining that concluded a week ago at a union service in the Princess theatre, at which \$3,300 were raised for the purposes of the church, the campaign being designed to take in pretty much the entire territory of the community. The leader, James L. Scofield, was booked for a return engagement in the fall to put on a campaign in behalf of the general interests of the whole community in all its phases.

White Hall Notes.

Mrs. B. A. Adams departed Saturday for her new home in Cleveland, Ohio. She was formerly Miss Sylvia Whitlock, and her marriage occurred three weeks ago at Cleveland, her husband accompanying her to White Hall to visit her mother, and he returned to Cleveland a week ago to arrange for her coming there. The bride has been on the lecture plat-

form for the past few years, and distinguished herself as a reader. Her husband is in the insurance business.

Harold Winters, who has been located in Jacksonville for the past few years, has taken a place with the advertising department of the Eli Bridge Co. in that city. His new duties will enable him to develop into the advertising game in a way that opportunity rarely affords if he takes to that line.

The remains of Mrs. Troy Kessinger were brought here from Wood River Monday for burial in the White Hall cemetery with brief services by the resident pastor of Wood River. She died Saturday afternoon. She was a sister of William Mace and Mrs. Frank Greer of White Hall, her father being the late I. N. Mace of Berdan. She was married a little more than four years ago, and after residing in St. Louis about a year, located at Wood River, where they have since resided. Her age was about 23 years. The husband and a little daughter survive. She was an active member of the Baptist church wherever she was located, and was well known and highly esteemed all over this section of Greene county.

Henry Bray was a business visitor in town from St. Louis yesterday.

INCREASING PRODUCTION MAKES NECESSARY NASH FACTORY EXPANSION

Increasing demand for products of The Nash Motors Company is reflected in substantial additions to the great plant at Kenosha during the past year. It is in this factory that Nash six cylinder cars and Nash trucks are built, the new plant in Milwaukee, now under construction being planned for the exclusive production of the Nash Four.

An important addition to the factory is found in a building 120x120 which was added to the large foundry. There also has been constructed a foundry warehouse and pattern storage 80 by 100 feet. Other new buildings include a new roller bearing tool room and pattern shop, 100 by 600 feet and an addition to the sheet metal shop measuring 32x23 1/2 feet.

Under construction now are a new boiler room 50x50 feet and an addition to the heat-treating department measuring 40x140 feet.

The construction of all these buildings is thoroughly modern and was carried out without interruption to work in the busy Nash shops.

There are in operation in the Nash factory over 1,500 productive machines and over 300 factory maintenance machines; the plant embraces 1,011,332 square feet of floor space and in the power plant which keeps the machinery in operation, 120 tons of coal are used every 24 hours.

Five thousand men are on the payroll of The Nash Motors Company.

CHIROPRACTIC lives and advances because it is founded on Natural Laws of Health. In just a few years it has grown from a "quack" idea for which its handful of practitioners were persecuted and jailed; to a recognized science that has benefited thousands, and has its many schools and associations, with practitioners in every nook and corner of the country.

A REAL HOPE OF RELIEF

Why this growth? Because Chiropactic offers to suffering humanity the richest gift of Nature—health. It grows because thinking people know that sickness is unnatural in a normal body, and are eagerly taking up that science which attacks the abnormal sick conditions in the logical way, and, without drugs or knife, removes the cause of disease.

The Chiropactor does not cure. He puts the body in tune with nature and the natural healing forces build up and strengthen the weak and diseased organs and tissues. He has found that certain diseases are the result of the pressure of the spinal bones on the nerves which obstructs the life-giving currents. By adjusting certain parts of the spine and removing the pressure, illness in those organs that these nerves feed, can be relieved. Through

CHIROPRACTIC THE BETTER WAY TO HEALTH

the most miraculous benefits have been bestowed upon thousands after all other methods have failed. In many cases where children, men and women have been given up, or pronounced incurable, complete restoration followed the employment of Chiropactic (K.K.I.-RO-FRAX-TIC) methods. To the sick it offers a real hope of relief. Send your name and full information about Chiropactic will be given.

DOGS OWNERS MUST PAY LICENSE FEES

Tax is Collectable When Assessors Enumerate Personal Property.

A notice signed by Grant Graft as treasurer and assessor appears in another column calling attention to the law regarding the license fee which must be paid by all owners of dogs. The law provides that the payments must be made at the time of the assessment of personal property and when such fees have been paid the assessor will issue a license or tag to the owner of the dog. This amendment to the law was made by the last general assembly and the section which contains the provisions reads as follows:

Section 2—The assessor shall, at the time such dogs are listed for assessment, collect from each owner or keeper of a dog or dogs a license fee of one dollar for each male or spayed female dog, and three dollars for each unsprayed female dog. Upon the payment of this license fee, the assessor shall deliver to the owner or keeper, for each dog, a license and a metallic tag. The license shall be dated and numbered and shall bear the name of the county issuing it, the name and address of the owner of the dog licensed, and a description of the dog, indicating its breed, age color and markings.

The assessor shall file a duplicate copy of each license with the county clerk. The metallic tag shall bear the name of the county issuing it, a serial number corresponding with the number of the license, and the calendar year for which it is issued. Every owner or keeper of a dog shall keep a substantial collar about the dog's neck and shall keep the metallic tag firmly attached thereto. It shall be the duty of the county clerk of each county to provide the license forms and the metallic tag herein mentioned, and to keep a record of the license forms and metallic tags delivered to each assessor, and the number thereof returned at the time of returning the list by such assessor.

Any person becoming the owner of a dog for which for any reason the assessor has failed to collect a license fee, may at any time, apply to the county clerk and, upon payment of the required fee, procure a license and a metallic tag.

All license fees collected in accordance with the provisions of this act shall be turned into the county treasury, and shall be kept in a separate fund to be known as the county dog license fund.

NEW SUITS FILED IN CIRCUIT COURT

Three Divorce Cases Added to the Docket—Damage Suit Filed Against John Anderson.

Several suits were filed Tuesday in the office of Circuit Clerk Boston for hearing at the May term of the circuit court. L. C. and Robert E. Henry, by their attorneys, Wilson & Butler, have brought an action in trespass against John Anderson. The praecipe filed suggested damages in the sum of \$5,000. This suit is a result of differences between the complainants and the defendant over a lease they hold on a room they occupy in the opera house building.

A suit for divorce was filed by George Ragan thru his attorney, Carl E. Robinson and directed against his wife, Mrs. Melvina Ragan. They were married in Galesburg in June, 1906, and the complainant charges that his wife deserted him in the month of January 1909.

A statutory charge is made by Mamie B. Goodman who is seeking divorce from Olvie J. Goodman. Their marriage occurred in February, 1913, at Goreville, Ill., and they lived together until February of the present year. Carl E. Robinson is attorney for the plaintiff.

Mrs. Ruth May Johnson is the complainant in a divorce suit filed by William N. Halgrove. Mrs. Johnson seeks legal separation from her husband, David A. Johnson, whom she charges with desertion. They were married August 27, 1913, and maintained a home until November, 1915.

Apron sale and tea today, First Baptist church, 1-5 p. m.

Editor of the Journal:

There seems to be some misunderstanding with regard to the proposed name for the new High School building. In the first place Newton Bateman probably gave as much toward this building as Dr. David Princes did to the eighth grade building. However he was a pioneer of education in this part of the country and the name is a fitting one for that reason. Then it would not change the name of the school any more than the Jones Memorial at Illinois college or the Harker hall at the Woman's college. As an alumnus of the school I am heartily in favor of the name and hope that this misunderstanding will not influence the choice.

Signed: An Alumnus.

Spring Coats for Easter
\$19.98 to \$28.98 at
FLORETH CO.

Mr. and Mrs. Chester Wilson and precious twins came down from Sinclair to the city yesterday.

Easter! Get ready!

The Robin is whetting his throat and brightening his vest. The buds are getting ready to unfold. Here and there a blade of grass is about to "bust" forth from the war mdark loam. Why?

Because Easter is coming—Spring—the starting anew of the world's life, including the human hearts and spirits and ambitions.

Easter means shedding winter's gray garb—tuning up to the wonderful days ahead. A man's way is to step forth in new attire.

Kuppenheimer good Clothes

express your "Springy" feeling properly. They are nice in their American fashion—they are earnest in their quality of material and workmanship. And they are true in their wear-worthiness.

Your Easter Hat Easter Furnishings

Every well styled hat from these noted makers which give the stamp of approval—Stetsons, Van-ity's and Borsolinos.

ew Madras with satin stripe, sub-silk and silk crepes. New neckwear, hosiery, every shade and colorings of the new Easter colorings.

MYERS BROTHERS.

ENLISTMENTS IN THE AIR SERVICE OPENED

The local recruiting office is in receipt of an order opening the enlistments in the air service for one and three years. This service includes both the heavier than air and the lighter than air service.

High school graduates need no trade qualifications, but men with the following qualifications are needed: Fabric and cordage workers, instrument repairmen, engine mechanics, riggers, and gas men for the balloon and airship branch and airplane mechanics, engine mechanics, electricians, machinists and auto repairmen for the airplane branch. Further information is available at the recruiting station 206½ East State street, Jacksonville, Ill.

Fritz Schoene of Arenzville paid the city a visit yesterday.

FAVORABLE CONDITIONS

The writer saw a number of farmers yesterday from various parts of the county as well as from Scott, Cass and elsewhere and all agreed that the ground is in excellent condition. The copious rains have well soaked the soil and the steady cold of the winter put it in good condition. Much land is being seeded with oats while corn ground will break up well.

Gratifying reports come from the wheat crop, several remarking that they seldom saw the crop looking better at this season of the year, all of which is very acceptable news.

CAST ANNOUNCED FOR ELKS JOLLIES

Entire Show Consists of Local People.

Faces we know so well will be strange to us for the next two or three days. The pencil, rouge, powder puff and gaudy clothes are about to change our common "every day" friends into "high falutin'" actresses and actors. The cast of the Elks Jollies to be given at the Grand Opera House on next Thursday and Friday evening is made definite and the program is announced. The introductions are as follows:

The interlocutor—Paul P. Thompson.
The comedians—Charles Ator, W. G. Benson, Dick Reynolds, Jack Pennybacker, Floyd B. Mock, Mason Rowe, Leonard Potter, Aleck Robb (of the Bren Company).
The balladists—Clifford Carlson, Glenn Randall.
The harmonists—John Lane, Walter Schraag, Homer Woods, Fred Darr, George Coe, Russell McConnell, Allen Stewart, Denham Harney, Roy McPherson, Lee Henry Goebel, Ollie Parker, F. Craver, Harold Sandberg, Roy Sandberg, Edward Litter, Frank Corrington, Louis Leurig Victor Shephard.

The above is the cast of the minstrelsy. The following make up the second act known as the "Inside Inn":

Trixie, the hotel stenographer
Buttons, head bell-boy
Sylvia Madeline Riley, a village gossip
Archibald Doolittle, a gentle hotel clerk
Will B. Dunn, a theatrical manager
Jagg, the hotel porter
Billie Barton, a young lady of wealth
Mrs. Lee Crawford Vivette, her seemingly French maid
Mrs. George Orear
Members of Dunn's Musical Comedy Troupe—Misses Mary Ator, Leona Spencer, Bernice Dodsworth, Ida Widmayer, Hazel Widmayer, Florence Cox, Helen Jackson, Mrs. Zella Hatfield, Messrs. Henry Lee Goebel, Ollie Parker, Clifford Carlson, Denham Harney, Allen Stewart, Russell McConnell, Roy Sandberg, Harold Sandberg.

Others who take part in this scene are: Florea Short, Marjorie McMurphy, Ruth Reynolds, Mary Reid, Katherine Alexander, Grace Tilton, Dorothy Wall, Lyette May Brown, Ella Eugenia Woodman, with a special feature by Catherine Gonal.

A scene of the Far East closes the show with the following characters:
The King of Gazook
Walter Schraag
The Queen of Gazook
Leonard Potter
A Court Attendant
Allen Stewart
The Royal Fan Bearer
Glenn Randall
The King's favorite dancers—Lynette May Brown, Ella Eugenia Woodman.

Tennie Dance—Misses McMurphy, Reynolds, Reid, Alexander, Tilton, and Wall.

FORMER MURRAYVILLE MINISTER DEAD

Rev. Mark White Died From Heart Disease Following Influenza.

Many people of Murrayville preelnt were sorry to learn yesterday of the recent death of Rev. Mark White at Homing in the Danville-Champaign district of the Methodist church. News of Mr. White's death was received by Rev. E. L. Fletcher in a letter from Rev. J. C. Nate, who is now the superintendent of the Danville-Champaign district.

Rev. Mr. White was the pastor of the Murrayville church in 1915-16 and during that period of service formed many war friendships. He died suddenly last Saturday from heart disease following an attack of influenza. Interment will be at Baylis, where a brief service is to be held. The minister is survived by his wife, whose home will hereafter be with relatives in Quincy.

HELLO BILL!

Jacksonville Lodge 682, B. P. O. Elks will hold special meeting Wednesday, March 31, at 8 p. m. to hear reports from committees. T. C. MacVicar, E. R. E. P. Alexander, Secy.

AS TO TRINITY CHURCH

Editor Journal,
My Dear Sir:
I have received so many favours from you and all your people I hesitate to sound a discordant note or mar the delightful relation existing. You will therefore I am sure view this note as written in the kindest spirit.

In your very complimentary reference to the "New Trinity" you have most innocently—been led into several errors. The church at Champaign was designed by Mr. Cram, the great Boston architect. He is said to be at the top of his profession. This may be so—but there is little in the Champaign structure to indicate it. I have heard it called a monstrosity.

The architect of Trinity is J. E. Pridmore of Chicago. He is an architect of commanding ability and national reputation. We instructed him to make plans for a churchy edifice. We think he has succeeded. The church is Mid Victorian Gothic, following the best traditions of that era. Mr. Pridmore has given us a building that may be called an "architectural mosaic or gem." Thanking you and assuring you of my high personal esteem I am Yours faithfully,
J. E. Langton.

NOTICE

The Aid Society of Clark's Chapel church will give a measuring social at the church on Wednesday, Mar.

Dr. Hess Stock Tonic

A Spring Conditioner and Worm Expeller

Spring Is Here. Soon the litters of pigs will be coming, the calves, the lambs, and the colts will be dropped. Feed your brood sows Dr. Hess Stock Tonic before and after farrowing. It makes the bowels active, relieves constipation, promotes good health and good digestion which means healthy pigs and a mother with a milk supply to nourish.

Condition your cows for calving by feeding Dr. Hess Stock Tonic before freshing. Then feed it regularly to increase the flow of milk. It lengthens the milking period.

Give your brood mares a course of Dr. Hess Stock Tonic. And your work horses. It puts your team in fine fettle. You cannot afford to plow, harrow, sow, mow, reap or team with a team out of sorts, low in spirits, rough in hair, blood out of order, or full of worms. Dr. Hess Stock Tonic is good for sheep—especially good for ewes at lambing time.

The New Home Sanitarium

Incorporated—A Private Surgical Hospital

West Morgan Street, Jacksonville, Ill. Both Phones.

BULLETIN No. 13 — (Section No. 2)

Public Health
Department

Hospitals

Public Health
Department

In speaking of the two "unwelcome visitors", SICKNESS can be prevented largely by obeying the laws of hygiene only. Disregard them and you pay the penalty. There is no escape from the inevitable laws of God. You will be sick? Then you owe it to the family, society and your self to rob THAT SICKNESS of as much of its dangers as possible, and by so doing you keep the "GRIM REAPER" on the outside much longer.

You can do this more effectively by going to the HOSPITALS — "the sick man's arsenal" — the sensible man's

refuge" in time of threatened death—I mean his earthly refuge. Your chances of recovery ARE GREATER, your period of sickness CUT SHORTER and your economic value enhanced.

You say "It costs too much." Here again you make a mistake. There is no comparison of health with money. "Health is wealth", but in actual dollars spent, the odds are in favor of the Hospital.

NOW I'LL SHOW YOU.
Section 3 to follow.

Rescuing the Waste

THE Standard Oil Company (Indiana) renders a vital service by giving multiplications of value to that portion of the crude oil left, after gasoline, kerosene, and lubricating oils have been extracted, through the production of innumerable by-products, each supplying a definite need.

Thus have been developed products such as Parowax, which serve such useful purposes as a protective coating for cheese, meats, and sausages; for match ends; for water-proofing milk bottle caps, ice cream pails, and paper drinking cups; and for sealing preserved vegetables, fruits and jellies against bacteria, ferments and mold.

These are but a few of the uses of one of the more than 2000 products manufactured by the Standard Oil Company (Indiana), covering needful commodities from asphalt to candles.

So vast a program could not be carried out except by a highly specialized organization, developed to maintain numerous contacts with the world of production on one hand, and with the consuming public on the other.

It was the need for such a specialized organization which led to the great development of the Standard Oil Company (Indiana). No single function of this great organization has come into being without a definite call to service.

Today the Standard Oil Company (Indiana) is big only because the need of its service is great; because the ways in which it is able to serve are continually multiplying as the complexities of modern industrial life increase.

REV. PERCY EPLER SERVES FAMOUS CHURCH

Is Pastor of First Church, Methuen, Mass.—Was Organized in 1870—Has Shown Great Advances Under Present Pastorate.

The east has sent many useful men westward, notably such as Sturtevant, Turner, Crampton and great number who might be mentioned and during late years the compliment has been well returned when one recalls Dr. Julian Wadsworth, Dr. Thomas W. Smith, Dr. Percy H. Epler, Hugh Wilson, Fred Tanner, Don Catlin, Earl Vogel and many others who might be mentioned, all of whom have reflected credit on the place from which they went.

A recent number of the Boston Congregationalist and Advance says:

First Church, Methuen, Mass., was organized in 1870, with Rev. Christopher Sargent as pastor. He sleeps on the site of the first building with his pioneer parishoners buried about him on old meeting house hill. But the First Church has not slept.

In 1854 a brother of Wendell Phillips, Rev. John Phillips, pastor from 1829 to 1860, was inspired to lead his people to build one of the most appealing edifices for worship in America.

The chapel was built to his memory in 1885. The church is of weatherbeaten grey granite and stands with the high tower overlooking the Merrimac valley and city of Lawrence.

The stately spire is visited each year by hundreds of people from different parts of the country. They come especially to view the artistic stained glass window, representing the Resurrection, erected in 1893 as a memorial to Henry C. Newton. It is a masterpiece of the artist LaFarge and is made up of more than ten thousand pieces of glass. The figure of the risen Christ, the Young Men of Galilee, rises in the center. LaFarge was asked to interpret the window and replied:

"I wished to symbolize, or express, or typify the whole idea of the Resurrection, the rising, passing into another life by death through gloom and darkness and the clouds of the present, into the less obscured presence of our sole object, God and His light and full satisfaction. It is the expression of a hopeful certificate."

Fronting the window is an apse or chancel. The large chancel recesses the officiating minister, while the pulpit of richly carved old English oak, the lectern and other pulpit furniture, give a rich, reverent and churchly setting.

But dominating all is the central message of christianity the Resurrection which seems to burst out of the blue into the living figures led by the glorified Christ. It is acknowledged the most beautiful Resurrection window in America.

Fulfilling the long line of pastorate, Rev. Charles H. Oliphant concluded two years ago his 33d year as minister of First Church. Under the pastorate of Rev. Percy H. Epler, D. D., who came to the First Church two years ago from the First Church, Indianapolis, First Church, Methuen, is bringing forth the good fruit of souls. Thirty-seven entering last Easter, most of them entering on confession of faith and most of them young men.

The evening service has revived in a largely attended afterglow service. The recent every-member canvass tripled last year's expense budget and the benevolences were increased 500 per cent and in addition the Pilgrim Fund went over the top. Thus this old temple of the Pilgrim faith, beautiful as it is in its stately granite, seeks its greater glory in living souls.

NOTICE TO TAXPAYERS

The tax books are now in the collector's office and is a judgment against all parties mentioned therein.

Parties paying on personal tax only, should pay the same promptly and avoid trouble and expense in collecting same. The judgment reads as follows: In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such person. Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

Sheriff and Ex-Officio
Collector

Farm Bureau Notes

The Constitutional Convention and Taxation

There is a strongly supported movement on foot to saddle the heavy end of the burden of taxation on land, and particularly on farmland.

The people who advocate this policy are putting up an active fight in the constitutional convention to have the new constitution provide for the classification of property, taxing bonds, stocks, mortgages and other intangible property at much lower rate than real estate.

It is estimated that there are two billion dollars worth of such property in Illinois. Most of it is hidden from taxation now, and real estate pays about three-fourths of the entire taxes of the state. Advocates of classification claim that a low rate on this property will put it on the assessment rolls.

Experience of states that have tried the classification plan show that this is true. But to accomplish this result the rate has had to be put so low that the total amount of tax raised has been very small—too small to have any appreciable effect in lightening the burden on real estate.

There is no justice in taxing this intangible personal property at a lower rate than real estate, for the income derived from it is higher than the income derived from money invested in farm land.

The legislative committee of the Illinois Agricultural Association is putting up a hard fight in the constitutional convention for the principle that all citizens should bear their fair share of the burden of taxation in proportion to their ability to pay. To accomplish this the committee is asking that the tax on all property—real estate and personal alike—be assessed at a uniformly low rate, only a fraction of the present tax rate, and that the balance of the necessary revenue be raised by a state income tax.

The income tax, which would be much smaller than the present federal income tax, would reach many people who do not pay property taxes. It would tax people according to their ability to pay. It would assess the income from stocks and bonds equally with the income from farm land. It would compel the professional, salaried, and wage-earning classes to contribute their fair share to the support of the state and local governments.

You legislative committee believes that farmers are now paying more than their share of taxes, and that the plan it has proposed will greatly lessen the tax burden on agriculture. It is convinced that unless some such plan is adopted the tax on farm land will be made still heavier.

This committee has asked the constitutional convention to do two things:

1. Provide that all classes of property shall be taxed at a uniform rate;

2. Instruct the legislature to levy an income tax.

These proposals have been well received by the convention, in spite of powerful opposition from single taxers and classificationists. The legislative committee needs the support of every farm bureau in the state to defeat the plan to compel land to pay the bulk of the taxes. Now is the time to demonstrate that the members of the Illinois Agricultural Association stand solidly shoulder to shoulder in their fight for a square deal for Illinois agriculture.

It will help mightily if your farm bureau will write to each member of the convention at once, stating that you are backing the

You Can Get Goodyear Tires for That Sturdy Smaller Car

Of all Goodyear's notable accomplishments in tire-making none exceeds in high relative value of product the Goodyear Tires made in the 30x3-, 30x3½-, and 31x4-inch sizes.

These tires afford to owners of Ford, Chevrolet, Dort, Maxwell, and other cars taking these sizes, the important benefits of Goodyear materials and methods employed in the world's largest tire production.

Your nearest Goodyear Service Station Dealer offers you in these tires a degree of performance and satisfaction only possible as a result of such extraordinary manufacturing advantages.

Go to this Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He has them.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are built to protect casings. Why endanger a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of \$4.50 less merit. 30x3½ size in waterproof bag.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcline mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

PREPARING the Spring
seed bed is a quick, sure
job for the Bates Steel Mule.

Its Crawler traction does not
slip on the soft ground and there-
fore allows double digging and
harrowing in one operation.

It also does this work at a fast
speed, thus making a finer seed bed
than is possible with most tractors.

The Bates Steel Mule does not
pack the ground because of the
broad crawler surface and allows
the tractor to rest on top of the
ground as lightly as a child's foot.

The front wheels make easy
steering and comfortable riding.

Descriptive catalog mailed
upon request.

Daily Market Report

LITTLE INTEREST DISPLAYED IN CORN

(By Associated Press.)

CHICAGO, March 30.—Altho little interest was displayed in corn today, the March option took a spurt and touched \$1.64, a new high market on the crop for the season. The close at \$1.64, a record price for the year which was 1½¢ higher than yesterday's final figure. The general range was from ½¢ to 1½¢ higher than the previous close. However, most of the trade was limited to local dealings. The market started with a firm tone because of lack of offerings and moderate commission buying. As a whole it was without a feature.

May corn closed 1½¢ higher at \$1.57 to \$1.57½, while July was up ½¢ at \$1.50 to \$1.51. Oats closed ½¢ to ¾¢ higher.

Oats were affected by corn and some good buying by a commission house with eastern connections was reported.

Provisions closed irregular. Little activity being shown.

F. St. Louis Livestock Market

(By Associated Press.)

East St. Louis, March 30.—Hogs—Receipts, 12,000; steady; top, 16.35; bulk, 15.75@16.25; heavy, 14.00@15.50; medium, 13.50@14.25; light, 16.00@16.35; light light, 15.50@16.25; veal calves, smooth, 12.25@12.75;acking sows, rough, 12.00@12.50; pigs, 1.00@16.00.

TRADING IN STOCKS SHOWS DECREASE

(By Associated Press.)

NEW YORK, March 30.—Trading in stocks today was lighter and more restricted than in any session in several weeks. Apart from the further advance of a few specialties, obviously under pool control, prices were irregular thruout.

Bullish enthusiasm was somewhat dampened by yesterday's unexpected advance of call money to 12 per cent altho today's maximum was only 10 per cent. Heaviness of foreign exchange was another deterrent the London rate showing an extreme decline of about 10 cents from its recent high, while francs were lower and lire established an absolute new minimum at 20.65.

Representative industrials and rails rose and fell within contracted limits. Insignificant changes ruling at the end, but motors, oils and the more mercurial specialties repeated in moderate measure their recent spectacular performances.

Stutz Motor at the new high of 379 scored a net gain of 41 points. General Motors rose to 377, an advance of 7 points, just before the close. Crucible Steel held the better part of its 12 point gain at 232 and Cuban-American Sugar rose fifteen points to 450 on a few transactions. Sales amounted to 650,000 shares.

There was a marked diminution of dealings in all classes of bonds, including liberty issues internationals. In the main the tone was irregular, rails as a whole easing from fractions to almost a point, especially grangers and coalers. Total sales (par value) were \$9,500,000.

EMBARGO IN STOCK YARDS.

Chicago, March 30.—Livestock shipments to the Chicago market with the exception of horses were under an embargo today as the result of a strike of 900 members of the Livestock Handlers' union employed by the Union Stocks and Transit Co. Continuation of the strike for a week, packing company officials announced, would cause a suspension of their plants and throw 50,000 employees out of work.

Demand for increases of from \$30 to \$40 a month with elimination of Sunday work were presented by the strikers.

INDIANAPOLIS LIVESTOCK

Indianapolis, March 30.—Hogs 5,500; higher; heavy 15.50@16.00; light, 16.65@16.75.
